## Bob Gillespie

*missionary and apologetics speaker*

Bob Gillespie's passion is to proclaim the authority and accuracy of the Bible and to engage the minds and hearts of believers and unbelievers so that they may experience the realities of the Word of God.

Bob and his wife Lois graduated from Cedarville University in Ohio. Bob then received his master's degree at Clark's Summit Seminary in PA. They both spent 14 years teaching in Christian schools in Ohio and another 10 years teaching missionary kids in West Africa.

Bob taught science, history and Bible, always emphasizing why his students can believe the whole Bible. Coming back from Africa, God called Bob to expand his apologetics teaching to adults as well. He was with Answers in Genesis for nearly 8 years, speaking in camps and schools, and holding

apologetics conferences in over 500 locations all over the US, and also in Togo and the Philippines.

Today, Bob and Lois still travel together with Reasons for Hope. He likes to communicate the message of why believing in Genesis as literal history is important, how to answer the questions that convince so many that they can't believe the Bible, and how to reach a generation that thinks the Bible is a myth.
